## A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

### THE POWER OF STEAM.

**Many May See But It Takes Genius to Realize.**

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Fatal Accident to a Chemist.

Frank W. Wordenberger, of New York, a chemist and inventor of a powerful new explosive, was killed at Lynn, Mass., yesterday afternoon by an accidental discharge of some of the stuff while giving a demonstration of its power in the presence of a number of contractors.

George Tatnall, also of New York, president of a company that has been endeavoring to get the explosive on the market, was fatally hurt. Francis Chicoine, an Italian laborer, were severely injured, and a dozen spectators were slightly hurt by flying bits of rock. Among the injured are a number of Lynn and Salem contractors.

Wordenberger and Tatnall were blown through the air for nearly thirty feet and every shred of clothing was torn from their bodies. Both men were fearfully mangled. They were taken to the hospital unconscious, and Wordenberger died early yesterday evening. It is not believed that Tatnall can survive tonight.

Wordenberger came to this country from Germany a short time ago. He discovered the explosive while working as a chemist in a tannery in his own country. A few months ago he was slighly injured by a premature explosion in New York.

### Suicide over Husband's Corpse.

In the agony of grief and despair over the death of her husband, David E. Sharretts, of Washington, in the Massachusetts Homeopathic Hospital in Boston Thursday night, his wife, who had tended him devotedly, shot and killed herself within five minutes after her husband had breathed his last. As she knew her husband was to die, she had prepared herself by concealing a weapon in her garments when she came to the deathbed. After her husband expired Mrs. Sharretts said quietly to the doctors and nurses: "Please leave me alone with my husband a minute." In profound sympathy for the suffering woman, the others withdrew from the room. Hardly had they closed the door than there was a report. When the attendants rushed in they were horror stricken to see Mrs. Sharretts gasping out her life as she lay across the body of her husband. She had sent a bullet crashing into her right temple from a .32-caliber revolver. Mr. Sharretts was a clerk in the War Department at Washington, and was about forty-four years old. He was born in that city and had spent all of his life there, practically. His wife, Mrs. Selma Sharretts, who was about four years his junior, it is understood, was a Boston woman.

### The Mysterious Murder in Richmond.

The two erring wives from Roanoke were the chief witnesses before the coroner's jury in Richmond yesterday in regard to the mysterious death of C. C. Henderson in an alley beside the Klondyke saloon Wednesday night. Both young, both comely, Mrs. Sara Muse, two months married, Mrs. Nora Bohn, only seven months under the matrimonial halter, wept and declared they went to the house in east Broad street, kept by Lulu Penn, to see a girl from Roanoke. Both declared they had met no men. It was Mrs. Bohn's husband who accompanied the two women to the depot in Roanoke and bought their tickets for a pleasure trip that has ended so unhappily. Mrs. Bohn, who says she has long lived in Roanoke, signed her deposition. Mrs. Muse acknowledged she could not sign her name and her mark was made and witnessed. A negro girl who worked in the house saw the blow passed that killed Henderson. She was just passing the mouth of the alley, but did not know the man who struck the blow. Mrs. Muse and Mrs. Bohn were dismissed at the close of their testimony and they boarded a train for Roanoke. The police believe they know who killed Henderson. So far it is as much a mystery as ever.

### Bridegroom Fined.

Malvin E. Hughes, who was arrested in Washington Thursday evening for carrying concealed weapons two hours after he and Miss Hattie E. Taylor, 18 years old, with whom he had eloped to Washington from Lowmoor, Va., were married in the parlors of a local hotel, was fined $100 in the Police Court yesterday morning, but Judge O'Neal suspended sentence, and the bridegroom and his bride left the courthouse and started home to seek parental forgiveness and blessings. Hughes' release was due to the pleadings of his wife, who took the witness stand in her husband's behalf. "It will break my heart," she told Judge O'Neal, "if Malvin is sent to jail. He is unaccustomed to the ways of the city, and his carrying a pistol was only as a means of protection." Shortly after the wedding Thursday Hughes left his wife, saying he would be gone only a few moments, as he wished to purchase some fruit. Later, it was charged, he went into a Sixth street restaurant and fell asleep on the counter. When an effort was made to awaken him, it is alleged, he became unruly and flourished a revolver.

### Dream Fulfilled.

Rev. Oscar E. Braune, pastor of the First German Lutheran Church in Newark, N. J., announced yesterday as he began funeral services over the body of Miss Frances Lorna Wadsworth, that he would preach, as nearly as possible, the same sermon, from the same text, as he had delivered in a dream two months ago over the dead body of the same young woman. Mr. Braune said that just two months to the day, prior to the drowning of Miss Wadsworth in the surf at Bradley Beach, which occurred on last Tuesday, he dreamed that she was before him, dead, and that he was preaching her funeral sermon. The impressiveness of the dream was so strong that he related it to his wife the following day. He has recalled that his text in the dream-sermon was, "Be ready also," taken from Luke xxi:14. He used that text yesterday, and, as nearly as he could recall the words of the sermon of his dream.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, SEPT. 8, 1906.

AN ATTEMPT is being made in Washington to get up a crusade against church bells. That the ringing of such bells is a nuisance is the burden of a complaint recently made to the Commissioners of the District of Columbia. The complainant says he counted one morning forty-two strokes of a church bell in one continuous ring, and on last Sunday the bell rang continuously for nearly 100 strokes. He calls attention to the fact that there are churches of all denominations throughout the city that have no bells and get along fairly well. It has been a mooted question for some time whether in this day the ringing of bells of any description is really necessary. Many, however, think Sunday would be despoiled of one of its traditional accompaniments should the bells remain mute on that day. A prominent and esteemed citizen of Alexandria, long since gathered to the fathers, made a life-long protest against this medieval practice, and occasionally appeared in print in his remonstrances. He, however, proved to be fighting the air, as the custom was in no manner diminished during his day nor has it up to this time. Previous to the year 1871, when fire destroyed the market building in this city, it was supposed that there could not be a meeting of Council until the janitor ascended into the steeple and rang the council bell for half an hour. This would sound as strange now as the ringing of the curfew bell. In the olden time ferry boats running between this city and Washington, while lying at their docks at each end of the route, sounded their whistles about every five minutes and rang their bells an equal length of time. Previous to leaving their slips the bells were tolled for five minutes. These customs have long since been abandoned and the world still moves on, and with more animation than at any time since the creation. It is argued by some that the spirit and letter of the commandant forbidding work on Sunday is violated when sextons are compelled to doff their coats and swing to a bell rope for ten or fifteen minutes morning and night in order to notify people to come to church. This work is especially onerous during the prevalence of hot waves. These objectors say that the bell in this day is akin to the muezzin on the top of Mahometan mosques summoning the faithful to prayer.

A PERPLEXING problem confronts the Isthmian Canal Commission as the result of an apparent effort on the part of the steel trust to practice extortion, and it may be necessary to appeal to the President before a final decision is reached. It appears that the commission advertised for five thousand tons of steel rails for use on the isthmus, and, as stated in Thursday's Gazette, the United States Steel Products Export Company, of New York, a subsidiary of the steel trust, was the only bidder. The price asked for the rails is $29.45 a ton f. o. b., Baltimore, or $45.70 laid down in Colon. These prices are regarded as extortionate, and it is recalled that when Congress passed the Aldrich resolution providing that materials for the canal should be purchased in the United States it expressly stipulated unless an attempt at extortion was made by American bidders. It remains, therefore, for the commission finally to determine if its impression that this price is extortionate is accurate, and if so it may be necessary to go into the foreign market, where the same rails made by the same trust could be purchased at a materially lower figure. A careful investigation of all the circumstances should be made before any award is made, and, as indicated, it may be necessary to submit the facts to Secretary Taft and to the President before a decision is reached. If they do not see that extortionate rates have been changed the government for these rails they are blind.

AS HAS been stated in the Gazette during the past few years, the shad industry is in great danger and Fish Commissioner George M. Bowers, in his annual report, makes the same observation. He says that unless the States promptly take some action by which a fair percentage of the shad may reach their spawning grounds the future of this fish is gloomy. It has been known for some time that trapnets and other wholesale devices in Chesapeake bay and the mouth of the Potomac prevent shad from ascending the river into fresh water. Shad are becoming scarcer every year, and they will soon be beyond the reach of people of limited means. The states should have taken action in the matter years ago.

A FAMOUS German scientist who has made a life study of the beauty of women of all nations considers that he found the most perfect and harmonious development of form among the Japanese. His ideal proposition differs slightly from the standard of beauty left us by the Greeks. He should have come to America before announcing his decision.

IF THE republican claim that the tariff protects the farmer was honest, the tariff duty of 25 cents a bushel on wheat should keep the price up instead of it gradually falling as it now is.

Correspondence of the Alexandria Gazette.]
Washington, Sept. 8

In a cablegram to the State Department United States Ambassador Leishman, at Constantinople, expresses the belief that he will be given his first audience by the Sultan of Turkey in a few days. He says the health of the Sultan is daily improving, and that he has notified the French and British Ambassadors he will receive them in a day or two. Mr. Leishman believes his audience, which will constitute an official recognition of the his new ambassadorial rank, will be given very soon. Mr. Leishman is the first United States Ambassador to Turkey. Although he has been in Constantinople for many weeks now, he has not yet received any official recognition from the Sultan, and it has been a source of considerable speculation in official and diplomatic circles as to whether it was the Sultan's intention ever to recognize him as an Ambassador. For many reasons the Turkish government regretted the elevation of Mr. Leishman from a Minister to an Ambassador. The Sultan did not desire to have the diplomatic representative of the United States in Turkey an Ambassador, and consequently entitled to have personal audience with the Sultan Neither was Turkey anxious to incur the additional expense of having an Ambassador in this country.

A letter has been received at the office of the Governor from Commissioner Koiner, who has been traveling in England and Europe for the last three months in interest of immigration. ### Hipple Said to be a Forger.

Philadelphia, Sept. 8.—That Hipple, the suicide wrecker of the Real Estate Trust Company, was a forger to the amount of over $250,000, was the chief topic in financial circles today. Receiver Earle discovered the fact of the forgery last night and he confirmed the report this morning. According to Earle, Hipple had taken copies of the signatures of a number of prominent business men in this city. To meet his overdrafts, Hipple would use one of these names to a note. The receiver refuses to make public the names used by Hipple.

The fact that the directors of the closed Real Estate Trust Company announce their readiness to subscribe $2,000,000 or more to bring about a resumption of business, will not, according to District Attorney Bell, save these men from criminal prosecution if becomes plain that Hipple's stealing resulted from their neglect or worse.

C, says that Rastus Spurrier, a white man, was placed on the main line of the Southern Railway, near the dividing line between the Carolinas, by drunken negroes, and train No. 40 crushed the man's head into a mass of pulp. Spurrier's refusal to give the negroes more liquor caused a quarrel, during which they knocked him insensible and then placed the body on the rails.

The seventh annual convention of the United National Association of Postoffice Clerks which has been in session in Savannah, Ga., adjourned Thursday after electing officers to meet next year in Peoria, Ill. Emperor William has decorated Cardinal Kopp with the Order of the Black Eagle, the highest Prussian decoration. This is the first time the order has ever been conferred upon a Catholic prelate. There is a vacancy created by the retirement last May of Justice Brown. The place was offered Secretary Taft soon after Justice Brown retired, and the offer was taken under consideration. The opinion has been growing that Mr. Taft will decline. The authority for the report that Mr. Moody will be selected states that Mr. Taft has already announced his decision to the President.

A revolution is in progress at Mogador, on the Atlantic coast of Morocco. The insurgent tribes are attacking the town. The French Minister at Tangier has sent the cruiser Galilee to the scene of the disturbance, and the representatives of the other powers have cabled for men-of-war. The disturbances were caused by the high handed action of Anfloos Kaid in supporting outside tribes in demanding that Jews living in Mogador return to Mellah, the Jewish quarter, or otherwise their houses would be sacked. These Jews have lived in the town many years, but the Moorish law requires them to live in Mellah. Anfloos had no authority for acting.

### Sullivan and Bryan.

Roger C. Sullivan, member from Illinois of the democratic national committee, has issued a lengthy statement, in which he replies to the attacks made upon him by Mr. Bryan. He accuses the Nebraskan with stating deliberate untruths, of equivocating like a shifty pettifogger, and with being a professional presidential candidate for the advertising and money there is in it, after having proved a failure as a lawyer and an editor. He says:

"If I hold my position on the democratic national committee by fraud, I ought to resign; if Mr. Bryan has falsely accused me of profiting by fraud, then he ought to quit running for president, because no man is fit to be a candidate for that high office who goes in public and lies about any member of his party. Therefore, I propose that Mr. Bryan and I put the issue as between us up to the men who set as delegates in the Springfield convention two years ago."

### Accident to a Trolley Car.

Three men were killed and a score of others injured in a grade crossing accident last night at Twenty-fifth street and Passyunk avenue, near the Atlantic Refining Company's plant in Philadelphia. Shortly before 6 o'clock a trolley car containing about fifty passengers, all men returning from work at the oil refinery, was struck by a train of empty tank cars on the Pennsylvania Railroad. Owen Sweeney, aged 25 years, was ground to pieces under the wheels of a tank car, and Julius Bewar, aged 60 years, and an unknown man died later at a hospital. Twenty others were conveyed to various hospitals, but none of these is believed to be seriously injured. A shifting engine was backing the train and the motorman of the trolley car thought he could cross the railroad tracks before the tank car struck that point. The last tank car struck the trolley car full in the side, overturning it and forcing it 15 feet along the railroad track.

### Actress Shot.

Mrs. J. T. Clark, a trapeze performer with Cole Bros' circus, was shot in the abdomen Thursday night at Staunton, and probably fatally wounded. The police are searching for her husband, who is charged with the shooting. Mrs. Clark says her husband did not shoot her, but that she was shot by James Richardson, another showman, while trying to separate Richardson and her husband, who were fighting. The shooting occurred in the dressing room when the circus was nearly over, and the manager kept the affair so quiet that it was some time before the police could find out what had happened. The woman was taken to her car at the Chesapeake and Ohio depot, and later removed to the hospital. Clarke was later arrested at the hospital, where he was with his wife, but he made his escape from two policemen and is still at large.

Swanson yesterday announced that he would be compelled to decline the invitation to attend the fair at Radford, and to preside at the meeting which is to be addressed by William Jennings Bryan September 15.

A freight wreck occurred in the yards of the Southern Railway at Claremont, near Richmond, yesterday. From the uptown yards to the river, a distance of a mile, is a very steep grade, and in pushing down a trainload of lumber the engineer lost control. The train dashed toward the river at a mile-a-minute rate, but the switch was turned, and instead of running into the river the train jumped the track, piling cars and lumber in a splintered mass. In a box car next to the engine were several men, and, although it turned completely over, only one man was hurt. The train struck a car loaded with box shooks ready for shipping by the Claremont Lumber and Box Company, destroying car and contents. The damage will amount to $20,000.

### Serious Conditions in Cuba.

The Cuban government has declared for a 10-day armistice, but Pino Guerra, commander of the rebel forces, will not accept it. The insurgents have dynamited two Western Railway bridges between Pinar del Rio and San Luis, blocking the advance of the government troops. Guerra is also reported to have taken San Juan de Martinez. Rapid fire guns and troops have been hurried forward to protect workmen sent to restore rail communication. Liberal leaders decline to consider further negotiations for peace. Managers of large foreign business interests in Havana express the belief that the Palma government cannot subdue the rebels. Government troops are deserting to the insurgents at Cienfuegos. Fighting continues in Santa Clara province, but the casualties are not heavy.

### Muster Rolls Returned.

One hundred and fifty-three muster rolls, which were the subject of litigation with J. C. Wrenn and the secretary of military records for the State of Virginia, have been returned to the office of Major R. W. Hunter, in Richmond. The records were given into the custody of the State and were sent to Washington to be copied. They will now be used to complete the records of the State, and will be filed away with the other papers in the office of the secretary. The records are in an excellent state of preservation. Mr Wrenn acquired the records by purchase and was anxious to retain them, the case being compromised by the governor paying Mr. Wrenn an agreed amount from the contingent fund.

### Wildcat Gets Him Down.

Samuel Turner, of Springbrook township, near Scranton, Pa., had a thrilling fight with a big wildcat the other night, in which he was seriously clawed and bitten. Turner lives on a farm, and was on his way home from the village store. It was a moonlight night, and suddenly a dark form sprang at him from the underbrush. He was hurled violently to the ground and was being clawed in a frightful manner when he succeeded in drawing a large hunting-knife. This he succeeded in plunging into the breast of the beast. Bleeding and almost exhausted, he examined the dead animal, and was amazed to find it was a huge wildcat.

### CAMBRIDGE WINS RACE.

Putney, Eng., Sept. 8.—Ideal weather conditions prevailed for the boat race today between the varsity crews of Harvard and Cambridge. Overhead the sun shone brightly and there was not a ripple on the Thames. These conditions were favorable to Cambridge, as the light blue crew does not like rough water.

On the strength of the weather conditions betting this morning jumped to 12 to 10 in favor of Cambridge. Although the race was not scheduled to begin until 4:30 o'clock, spectators began arriving on the scene early in the morning. By noon, there were thousands waiting at all the advantageous points along the course, which is in the form of a huge horseshoe, four and a quarter miles long.

Harvard was out on the river this morning for a ten minutes' practice trial. Starts only were attempted and the Yankees showed great rapidity in getting away. Thousands of Americans who had already gathered along the course cheered the crew.

Early in the afternoon excursion boats bearing thousands of anxious spectators began to take up their positions along the river. An hour before the time for the race to start it was estimated that fully 100,000 persons were lined up on the banks

Whitelaw Reid, the American Ambassador, with a party of friends occupied a small launch.

The betting this afternoon switched again a trifle in favor of Harvard. Plenty of Harvard money was wagered at odds of 6 to 5 in favor of Cambridge where the early betting had been at 13 to 10.

Both crews were given a great ovation when they appeared on the river and proceeded towards the starting point.

Cambridge this morning won the toss and Captain Goldsmith chose the Surrey side, or south course. This gave the Cambridge crew a considerable initial advantage, as the water had roughened somewhat by the time the race began. A slight southwest wind was blowing at the time.

Promptly at 4:29 the start was made. Cambridge, as was expected, took a slight lead at the start.

The start was made at 4:29, and after a very exciting contest Cambridge won the race by two lengths. The time was 19 minutes and 18 seconds.

The record for the four and a quarter miles course from Putney to Mortlake is 18 minutes and 47 seconds. Harvard in a practice trial just one week ago, covered the distance in 18 minutes and 50 seconds.

An unfortunate error on the part of the Coxswain Blagden, who steered the Harvard shell too far out at Chiswick, at a critical juncture, when Harvard was beginning to overhaul her opponent, probably cost Harvard the race, as it enabled Cambridge to make a fresh gain at a time when Harvard should have gone to the front.

At the half way post Harvard had cut down Cambridge's advantage to a length and a quarter. Both crews were at that time pulling a 37 stroke. At this clip Harvard sent her shell through the water faster than her opponent. Between the half and two-thirds posts, Cambridge made a spurt and gained a quarter of a length, putting her a length and a half to the good. Then came Blagden's break.

The scene at the finish was one which has seldom if ever been equalled in the history of racing in England. Enthusiastic supporters of Cambridge rushed into the water trying to reach the victors. Cheering continued for fully ten minutes. Taken all in all, the race was one of the finest ever seen on this historic course.

Cambridge's victory is regarded as a triumph for the English style of rowing as the condition of the crews was such that there was little to choose between them individually. Cambridge led from the start, breaking away at the signal with the swift stroke which was expected to put them to the front in the early stage of the race. Harvard made a valiant effort to overtake the leaders, but was unable to do so.

Cambridge's victory was clear and fair. Her position was never seriously endangered, as it is impossible to say what Harvard would have been able to do had not Blagden's error practically put her out of the running.

The time of the race did not come up to expectations. Cambridge finished in 19 minutes and 18 seconds. This is 31 seconds slower than the record, and 28 seconds slower than Harvard rowed in a practice trial last Saturday. After the race, Filley of the Harvard, called out to friends in a nearby launch, "We did our best. That is all."

Harvard's defeat by Cambridge today has only whetted the desire of the Americans for another trial with the English crew, and it is probable another match will be asked for next year.

### Democratic Literary Bureau.

Washington, D. C., Sept. 8.—The following was issued today by Robert Miller, editor of the literary bureau of the democratic national committee: "The report published this morning that the literary bureau of the national democratic committee has gone out of business is a mistake. We are supplying democratic newspapers with democratic matter and they are publishing it. The report that the bureau had been closed, must have originated in the fact that some of the office force that were helping get up the campaign book for the congressional committee were dispensed with, in consequence of the completion of that work, which is now in the hands of the printer. The bureau is in no way advocating or depressing the political fortunes of any prospective candidate for the presidency or any other political office. The bureau confines its work to advancing democratic doctrines about which there is no dispute and in exposing republican fallacies to the best of his ability."

### Motions Overruled.

Findlay, O., Sept. 8.—Judge Banker today overruled motions to quash the information filed against John D. Rockefeller and in all the Standard Oil Company cases. Pleas of abatement were filed in each case and they were also overruled and the defendants given until next Tuesday to file motions.

### Imports of Sugar.

Boston, Sept. 8 — The arrivals of sugar-laden ships at the port of Boston during the past week have exceeded in quantities and value any previous week in the history of the port. Three ships brought 30,000,000 pounds, valued, duty paid, at about $1,450,000.

### SERIOUS CONDITIONS IN CUBA.

Havana, Sept 8.—"Only President Palma's retirement from office and the holding of new elections throughout Cuba will bring peace to the country." This is the reply of Pino Guerra, commander of the insurgents in Pinar del Rio province, to the overtures made to him for a ten days' armistice in which the veterans' association hoped to be able to arrange for a permanent peace.

Havana today is excited by rumors that a big battle was in progress near Pinar del Rio city last night, but which have not been confirmed. The wires are cut in the neighborhood of Pinar del Rio, and no news is coming through.

It a fight has occurred there is little doubt that the insurgents have won. Guerra's force numbers between 3,000 and 4,000 men, while Colonel Avalos, commanding the loyalists, has only about 1,000 men, over half of whom are raw recruits.

Havana, Sept. 8.—Insurgents are advancing upon this city. An attack upon the outskirts has already been reported, and the greatest excitement prevails. It is believed the rebels aim to capture President Palma and the government authorities have been thrown into a state of panic.

Cienfuego, Cuba, September 8 —Col. Guzman, the insurgent leader in this province, is reported to have broken the armistice to which he agreed, and to be moving on this city. Loyalist volunteers have deserted to his standard. An attack on Cienfuegos is momentarily expected.

Havana, Sept. 8. Capt. Avalos force of loyal troops is reported to have been surrounded in Pinar del Rio city, and the rebels have attacked the town. Communication by telegraph is cut, but reports reaching the city say bitter street fighting between the loyalist and insurgents is in progress.

Guerra is reported to have surrounded Pinar del Rio bottling up Avalos. The insurgents are now engaged in attacking the city, hoping to force Avalos to surrender his whole force.

### German General Elected.

Rome, Sept. 8.—Rev. Father Francis Wernz, rector of the Gregorian University, the dark horse candidate supported by the German delegates to the Congregation of the Society of Jesuits, was today elected general of the Jesuit Order to succeed the late Father Martin. The election of Father Wernz is regarded as a great victory for Kaiser William. Father Wernz's election was forced by the German delegates at yesterday's conference, and only one ballot was required, the German priest receiving 42 out of a total of 81 votes Father Rudolph Mayer, of St. Louis, was defeated by the refusal of the German delegates to support him. Compromise candidates were offered by the Italians and Spaniards to break the apparent deadlock. Father Vigo was the man put forward by the Spaniards and Father De la Motte by the Italians. Both men were rejected by the Germans, who urged political reasons in support of Father Wernz. The Kaiser, they said, wanted a German general, and they pointed out that the friendship of the German ruler would be greatly beneficial to the order in Germany. The new "Black Pope" was born in Rotterwell, in the south part of Germany, in 1842. He had been rector of the Gregorian University since 1904. He has made his home in Rome since 1886. Father Wernz is an eloquent public speaker, and has a great reputation as a scholar. He is a conservate intransigeante. His election as general came as a great surprise.

### Head-on Collision.

Whiting, W. Va., Sept. 8 —Two passenger trains on the Ohio river division of the Baltimore and Ohio Railroad met in a head-on collision at Woodlawn, today. Many passengers are reported injured. A special train carrying physicians is on its way to the wreck.

A later dispatch says that two people were killed in the accident. Had it not been that the trains were going slowly at the time, a frightful wreck would undoubtedly have occurred, for the bridge on which the trains collided is 30 feet high. As it was both trains stayed on the bridge. Heavy fog was responsible for the collision.

### The Shooting near Luna Park.

Mystery still hangs over the shooting of Jos. H. Settle, or Saddler, which was the name given yesterday, outside the Luna Park enclosure Thursday night. He is still at the Emergency Hospital in Washington and it is believed he will recover.

Miss Bywater, who had been detained by the Alexandria county authorities as a witness, was released yesterday evening on her own recognizance. She was in a nervous condition bordering on hysteria.

The authorities of Alexandria county devoted all of yesterday in an effort to clear up the circumstances attendant upon the affair, but last night acknowledged that they had no single clew as to who the would-be murderer is.

It is believed that whoever shot Settle meant to kill the girl as well, and that the man who did the shooting was either a jealous lover of Miss Bywater or an angry relative.

The officials have about abandoned all hope of getting aid either from Miss Bywater or Settle. When District Attorney Mackey called at the Emergency Hospital in Washington yesterday, and at the bedside of the wounded man gained a statement from him, Settle punctuated his broken sentences with groans. He cried: "Oh let her alone; let her go." Then he contradicted his previous statement that the pair were seated at the time of the assault.

When Mr. Mackey subjected the young woman to a three hours' examination, he got only a series of rambling statements. Her statements were conflicting throughout. A comparison of Miss Bywater's statement with that of Settle shows wide differences and actual contradiction in many essential points.

The young woman at first stated that she and Settle left the park by the path near the rollercoaster, but afterwards admitted that they went out at the main gate and were walking north toward the electric railway track when the attack was made.

The statement to the effect that the couple were seated when the mysterious assailant approached was subsequently contradicted when Settle stated that they was walking side by side when the shooting occurred.

A resident of the neighborhood testified that he heard two shots in the place where the assault was made.

The moon was shining at the time the shooting occurred, and the fact that Miss Bywater's neck and shoulders are burned with powder proves conclusively that the man who did the shooting was very close to her, and the assertions of the man and woman to the effect that they could not say whether the assailant was black or white seems strange.

It is reported that a relative of Miss Bywater has asserted thas she could place her hand upon the mysterious assassin.

### Injured in the "Leap of Death."

Mlle. Dolly Docseinau was the victim of a serious accident at Luna Park last night, while engaged in the daring act known as "the leap of death," in which she turned a complete somersault in an automobile. Mlle. Docseinau was acting in the place of Mlle. Yvonne d'Arcy at the time. She had made a thrilling somersault in the afternoon and was repeating the act at 9:45 o'clock last night when the accident occurred. The park was densely crowded at the time.

Mlle. Docseinau, who is 19 years old, had not been well for the last few days, according to Dr. Albert F. Hutchins, physician at Luna Park, and the accident is thought to have been due to an impaired nervous system.

The young woman started down the steep incline with a fearful velocity. The platform collapsed as usual at the right instant, and the powerful spring which gives the automobile its somersault impetus also worked properly. The machine circled high in the air, and Mlle. Docseinau landed safely, but it was seen by those familiar with the exhibition that the young woman made no effort to unstrap herself and leave the car. When the attendants rushed to her and loosened the straps, it was found that she was apparently lifeless. Alarmed, they sought to arouse her, and finally managed to bring her to consciousness when they helped her from the automobile and aided her toward the offices of Manager Gill. She collapsed on the way, and an examination by Dr. Hutchins revealed that she had sustained concussion of the brain together with severe shock.

It is the custom of persons who make the somersault to hold the back of the head firmly against the seat when the big spring operates and to brace themselves for the jar when the machine lands, but it is supposed that Mlle. Docseinau failed to do so at the proper moment, and thus sustained her injuries.

The young woman later regained consciousness, and in all likelihood will recover.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Armour Bland, colored, arrested by Lieutenant Smith and Officer Young charged with disorderly conduct and fighting, was fined $5.

Pearl Hawkins, colored, arrested by Officers Bell and Sherwood charged with assaulting Emma May Jasper, was fined $5.

Offrey Stanton and Hattie Conway, both colored, arrested by the same officers charged with being parties to the assault, were dismissed.

James T. Whitley, colored, arrested by Lieutenant Smith charged with conducting business without a license, was dismissed.

William Chiakulos, arrested on suspicion of stealing $300 from Mantis Bros., had his case continued until Tuesday next.

### A Fine Opportunity.

Almas Temple of Shriners, of Washington, is making preparations for an excursion to Luna Park on the 29th instant. It is expected that a large number of Alexandria Masons and others will be in attendance. A number of interesting attractions will be presented on that day, among them a wedding ceremony, provided a bride and groom can be secured in this city, Washington or surrounding country. The contracting parties will be transported to and from the park in a special car and all the expenses for license and parson's fee will be borne by the Temple. Apart from these inducements, gifts of $200 value will be given the couple and two days' entertainment at any Washington hotel. A prominent Alexandria official has been selected to give the bride away.

### New Cars.

As heretofore stated in the Gazette seven new trailers built at Philadelphia for the Washington, Alexandria and Mount Vernon Railway Company, were delivered at the Four Mile Run power house Thursday, and as fast as they can be mounted on their tracks they will be made ready for service. The new cars were ordered last spring, at the same time seven new motors were ordered. The motors have been here for several weeks and are all in service. The new trailers are of the same style as the motors, and are fitted with leatheroid covered seats, each car seating forty-eight persons. Since the first of the present year the Mount Vernon road has added twelve motor cars and five trailers to its equipment, besides having made extensive improvements in double tracking and improving its line.

### "The Lights of Gotham."

"The Lights of Gotham," a comedy drama in four acts, under the management of P. J. Gould, will be presented at the Opera House Monday night. This is one of the plays of New York life that is ever popular. The play is one on which the interest is of the "human heart" sort. The leading part of George Walters will be played by Mr. William E. Morrissey. The part is a protean one and serves to show this capable actor in many different disguises. The leading female roll will be in the hands of Miss Helen Haytrey, an accomplished actress, while the leading comedy roles will be played by such well known comedians as Al. H. Fox, Nellie Carber and James Fox. Many specialties will be introduced during the action of the play.

### Accidents to Trains.

An accident to some of the cars of a freight train a short distance this side of Harrisonburg early last night caused some delay in the running of other trains.

The cars of a south bound electric train jumped the track a short distance north of Luna Park late yesterday evening. The train was crowded with Alexandrians who were returning from their various occupations in Washington, among whom considerable excitement existed for a time, some who were on the platforms jumping. No one was hurt, however, and the cars were practically uninjured by the accident.

### False Alarm.

About ten o'clock last night some strange noises were heard in the residence of Judge Norton, at the southeast corner of Prince and Washington streets. The family are out of the city, and it was supposed that the house was about to be looted in their absence. Neighbors notified the police and soon Officer Beach arrived and later Chief Goode and other officers. A search was made when two men were discovered in the cellar engaged in placing the furnace in order preparatory to the advent of cold weather.

### The Schools.

The issuing of permits to children to attend the public schools will be commenced at Armory Hall on Monday next at 9 o'clock and will continue throughout the week. On Monday, Tuesday and Wednesday from 9 a. m. to 2 p. m., permits to white children will be issued and on Thursday and Friday, during the same hours, permits will be issued to colored children. The schools will open for study on Monday the 17th.

### Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

### Chamber of Commerce.

From an official source it is stated that the proposed Chamber of Commerce is not a new movement, nor an offset to activity along this line elsewhere. The needs of such an organization, have been apparent to, and discussed and endorsed by, business men of Alexandria, for several years past, and the present action is only the outcome of these ideas. It is also stated that any rumors or announcements as to the proposed policies of the association are necessarily premature, until the gentlemen interested have fully organized, which, it is understood, they have not done as yet. It seems to be the general impression on all sides that the movement will have the general endorsement of all the business people, and can but result in good to Alexandria, as this plan has been very successful in other thriving cities.

Mr. John D. Normoyle, real estate agent, has sold for Miss Minnie W. Henderson, the two-story frame dwelling No. 510 Queen street to Mr. Richard J. Mumford.

Knox, jr., the last two nephews of the deceased.

### Case Continued.

The case of William Chiakalos, arrested several days ago on suspicion of stealing $300 from Mantis Bros., fruit dealers, was called in the Police Court this morning. Chiskalos was represented by Mr. L. P. Harlow and Mantis Bros. by Mr. L. H. Machen. The case was continued until next Tuesday.

**Spy Loses Fingers.**

William Fostnaught, commander of the Sons of Veterans, on the last night of the carnival at East Palestine, near Salem, Ohio, was seen with a woman member of the carnival troupe going to the lodge room, where friends followed him. As these friends of Fostnaught were unable to force an entrance to the lodge room, two of the men "boosted" William Dickinson up, that he might climb through the transom. As soon as Dickinson placed his hand on the frame of the transom his fingers were struck a vicious blow with a heavy altar sword. Dickinson fell back in a faint, with two of his fingers severed and the others badly cut. News of the affair soon spread, and when Fostnaught appeared on the scene he was accused of the act, but he vigorously denied any knowledge of the affair. While the building was being searched, a woman was seen crouched under the window sill. Upon being questioned, she admitted her part of the affair, and charged Fostnaught with having wielded the altar sword. Fostnaught was arrested, but he pleaded not guilty. He has resigned as commander of the Sons of Veterans.

**Disappearance of an Aeronaut.**

After drifting helplessly fourteen miles at an altitude of 2,000 feet above the earth in an airship he could not control, William Matteray, a Chicago aeronaut, who made an ascension from Oconto, Wis., Thursday night, disappeared from view. When last seen, Matteray's unmanageable aerial craft was hovering with uncertainty over Green Bay, still buoyant, but drifting out over Lake Michigan. Matteray made the ascension against his judgment, knowing that the machinery had been broken and spliced. But the crowds eager to see a man risk his life, declared that the story of a broken propeller shaft was told as a ruse to avoid making an ascension. Therefore Matteray went up, just to "make good." The general opinion is that the airship descended into Lake Michigan and that the aeronaut was drowned.

**A Scientific Wonder.**

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds Chilblains and Salt Rheum. Only 25c at E S. Leadbeater & Sons' drug store.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.
